LFCY PROJECTS

Hcpfranklinpa.org

Healthy Communities Partnership of Greater Franklin County is a private, non-profit organization committed to providing high-quality programs and initiatives that help create a stronger, healthier community.

The HCP **#be kind.** initiative is the theme for the LFC Youth community projects .

be kind.

Kindness has been shown to cause a ripple effect. Research shows if you show kindness to one person, that person will show kindness to four people and those four people will show kindness to four more people and so on. These exchanges of kindness can change the world. **#bekind.**
